TEAM WEBSITES

When you register for any of our programs we set you up with a free customizable team website you can use to manage your entire campaign.

Customize Payment Methods:

Choose which payment methods are available to your customers. There is no physical device needed for credit card payments and no extras fees. The payments comes right to us so you don't need to worry!

Choose Your Plants

We offer a variety of different plants in every season. If you would like to run a fundraiser in the Winter and only offer poinsettias, go for it! In Spring if you want to offer only hanging baskets and planters, go for it!

Flexible Profit Margins

Along with choosing select plants to offer you can also adjust pricing depending on your community and fundraising needs. You know your customers better then us so you are able to make that adjustment.

Create Time Slots

To try and control the amount of people picking up at one time we have added a customized timeslot feature. You can create as many timeslots as you like in any time increment and control how many customers can book that timeslot.

Change Photos and More

Insert your own groups photos and customize the home page completely! Enter in your sales goals, let supporters know exactly where their funds are going, explain trips, use coupons to incentivize sales, the possibilities are endless!

Frequently Asked Questions

Is there a delivery fee?

There is a small charge for all orders that are under the minimum requirement. There is no delivery fee for orders that are above the minimum order value. The charge varies by location.

*Please check your pricing sheet for exact amounts.

Are there Multiples? Are there minimums?

Poinsettias must be ordered in multiples of 6 by colour because they are shipping in boxes of 6. You may need to round up or down within the colours when placing the team's final order. We strongly recommend you order a few extras just in case you receive late orders or there are any damages/shortages during delivery. *Please check your pricing sheet for exact amounts.

Can I collect payments online?

Absolutley! We set you up with your very own free customizable team website that you can use to manage your entire campaign. There is a credit card option you can turn on from there. It is a completely free service and does not require a physical device.

Where do you deliver? Where are you located?

We deliver to all over BC, AB, SK, MB and parts of the states. Our main office is located in the lower mainland of BC along with our main shipping warehouse. We also have a greenhouse and shipping warehouse located in Southern AB.

What is the profit margin?

Our profit margins range depending on region, the individual plant and what the retail price is set to. Our program is very flexible and allows you to adapt to what your communities needs are. Your pricing sheet will list the items available, the wholesale cost and wholesale plus tax amount. Our suggested pricing stays in line with a 20% and 30% profit margin.
