Brighten up your porch with these colorful varieties!

Patio Roses

THE
ULTIMATE
SYMBOL OF
LOVE

New to our program, roses require special care but the flowers are easily the most rewarding to see. Planted in a 2-gallon planter and available in light pink, dark pink, and yellow; Patio Roses are the perfect gift for that special someone in your life.

Even if that special someone is you!

CARE TIPS

- When it is cooler, water deeply every 5-7 days
- When it is warmer, water on a daily-basis
- To avoid mildew, do not overhead water; keep leaves and flowers dry
- Requires 6+ hours of daily sunlight - morning sun is okay
- Using a liquid fertilizer, water roses first, add the liquid fertilizer, then water a little more so fertilizer reaches the roots
- Prefers a well-draining soil and benefit from Mulching during early Spring each year
- Can be kept outside year-round, but needs protection from freezing (roots can be insulated over the Winter/kept indoors)

Hanging Strawberry Baskets

WHO DOESN'T
LIKE FRESH
STRAWBERRIES?

These everbearing strawberries will produce fruit all summer long and give you motivation to water everyday.

CARE TIPS |

- Water thoroughly until water runs out the bottom
- Strawberries require full sun
- Fertilize once a week with a water soluble fertilizer such as Miracle Gro and supplement every 3-4 weeks with our Flower and Veggie 10-15-19 Fertilizer
- Strawberries prefer well draining soil. To maintain and promote growth, be sure to harvest berries promptly
- Place outside when temperatures reach about 10° to 15°

Succulents

EASY TO CARE
FOR & LOW
MAINTENANCE

Our 10-plant variety pack offers you the flexibility of gifting, keeping indoors, or planting outside. Easy-to-care for succulents are a great addition for anyone.

Possible Varieties include:

Echevaria- Perle Von Nurnburg, Miranda Red, Purpusorum, Affins and Pulidonis. Sedum/Sedevaria- Hens and chicks, Hako Chocokate Ball, Tetractinum Coal Reef, and Lemon Angelina. Senecio- Mandraliscea

CARE TIPS |

- Succulents don't like being over-watered. Let them dry out before watering. Sometimes the bathroom may have too much moisture for them to thrive
- Full sunlight is preferred all the time. Rotate succulents every 2 weeks for all to get adequate light
- Fertilize with a balanced fertilizer once in the Spring and once in the Summer
- Succulents prefer porous sandy soil that is well-draining
- Place outside when temperatures reach 15° (they can handle heat very well)

Geraniums

The perfect and easy addition to any garden or container. Featuring vibrant red, pink, and white color options; these are known to be resistant to pests such as deer and rabbits.

**EASY TO
GROW GARDEN
MUST-HAVE**

CARE TIPS |

- Geraniums need to be wet, but not soggy. Do not let roots sit in water. Water until the water starts running out of the bottom of pot
- Requires 4-6 hours of daily sunlight
- May use a balanced fertilizer every 2-3 weeks
- To maintain & promote growth, pinch off any flowers that have finished blooming
- Assortment prefers well-draining soil
- Place outside when temperatures reach 10°-15° or indoors if it will freeze over-night

Wave Petunias

THE GREEN THUMBS FAVORITE

A very popular cascading Wave Petunia is a favorite when creating your own basket or container. They come in 3 beautiful eye-catching colors of purple, white, and pink.

CARE TIPS |

- When top of soil is slightly dry, water well
- Requires 5+ hours of daily sunlight - morning sun is okay
- May use a balanced fertilizer every 2 weeks
- To maintain & promote growth, pinch off any flowers that have finished blooming
- Assortment prefers well-draining soil
- Place outside when temperatures reach 10°-15°

Marigolds

Marigolds are perfect for any gardener. With a pop of color and a pungent scent that common pests steer clear of, your herbs & veggies will be thankful for this addition to your garden.

THE PERFECT
COMPANION
FOR HERBS &
VEGGIES

CARE TIPS

- When top of soil is slightly dry, water well
- Requires 5+ hours of daily sunlight - morning sun is okay
- May use a balanced fertilizer every 2 weeks
- To maintain & promote growth, pinch off any flowers that have finished blooming
- Assortment prefers well-draining soil
- Place outside when temperatures reach 10°-15°

SEE WHAT TEAMS SAY

"This couldn't be an easier fundraiser.
Everything is recorded, tracked, and
communicated!
Would lead this fundraiser again in a
heartbeat."

Danielle - Lethbridge, AB

"These plants sell themselves!
This is our most successful fundraiser by far.
Growing Smiles Fundraising staff are fantastic,
the drivers are helpful, and we look forward to
working with them again next season."

Alesha - Okotoks, AB

"Great fundraiser to run!
So many great resources to assist a group with
selling the products. The whole process is
seamless! The products themselves are gorgeous.
A really good fundraiser to raise money!"

Nuala - Grande Prairie, AB
