GROW YOUR
OWN VEGGIES
THIS SPRING/
SUMMER

Veggie Pack

A great selection of our finest veggies all in a convenient 10 pack. Possible varieties include: Tomatoesx4, Zucchini, Kale, Cucumber, Peppersx2, and Lettuce.

Water thoroughly when top of the soil is dry to touch.

These Veggies require full sun.

Fertilize with a balanced fertilizer such as such as our Flower and Veggie 10-15-19 fertilizer.

Plant in a well draining soil. Encourage growth by harvesting promptly. Tomatoes do not like the rain. Move them under cover of place under a clear plastic.

Place outside when temperatures reach about 10° to 15°.
