

## Goal Planner

## Let's Set Some Goals!

W	e would like to raise:
	ach individual's goal should be: vide the total you would like to raise, by the estimated number of participants and then convert that to an
ар	proximate number of plants using the "profit" column of the pricing sheet.
	Estimated number of dollars for each participate:
	Estimated number of plants for each participate:
M	Naking our goals SMART:
SM	1ART goals are Specific, Measurable, Attainable, Relevant and Time-bound.
	trategies we can use to reach our goals:
Thi	ink of ways your group will be encouraged to reach their goals. Use social media, call past customers from oth ndraisers, offer prizes to top sellers, ect.
